"The material was easy to read, easy to understand and you covered all the areas on the exam. The tips about where to look in the Rating Schedules for answers were a real plus. Most of all the sample test questions did the trick and your class instruction reinforced it all."

— David J. Barlow, Sedgwick CMS

"Prior to taking the November 3rd exam my only exposure to California workers' compensation was the Test Right class and your materials. I had no experience and no on-the-job training; every topic you covered I was learning for the first time and I passed the exam with a score of 82!"

— My Tran, Travelers - Minnesota

"The Study Guide was a great idea and helped a lot.

Your presentation of the material was great. I finished the test in an hour!"

— Jeanie Eller, Travelers
