EXAMINATIONS BY PSI SERVICES LLC

The California Department of Industrial Relations (DIR) has contracted with PSI Services LLC (PSI) to conduct the examination program. PSI provides examinations through a network of computer examination centers in California.

The Office of Self Insurance Plans (OSIP) is a program within the director's office of the Department of Industrial Relations (DIR) responsible for the oversight and regulation of workers compensation self insurance within California. OSIP has the responsibility to make available a written examination in which any person may demonstrate competence as a claims administrator for a self insurance program by successfully passing the written examination designed to test their technical knowledge of workers compensation law and claims administration.

The California Department of Industrial Relations Self-Insurance Plans (SIP) website is located at <http://www.dir.ca.gov/sip/generalinfo.htm>.

All questions and requests for information about taking the examination should be directed to PSI.

TAKING THE EXAMINATION BY COMPUTER

Taking the PSI examination by computer is simple. You do not need any computer experience or typing skills. You will use fewer keys than you use on a touch-tone telephone. All response keys are colored and have prominent characters. An illustration of the special keyboard is shown here. You may also use the mouse.

You will be assigned to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered. Using either the keyboard or the mouse, you may then proceed to take your license examination.

TUTORIAL

Before you start your examination, an introductory tutorial to the computer and keyboard is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice using the keys, answering questions, and reviewing your answers.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

EXAMINATION QUESTION EXAMPLE

During the examination, using the keyboard you should press 1, 2, 3, or 4 to select your answer or press "MARK" to mark the question– for later review. You should then press "ENTER" to record your answer and move on to the next question. Using the mouse, you should select your choice and press "Next" to move to the next question. A sample question display follows:

IMPORTANT: After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out.

EXAMINATION REVIEW

PSI, in cooperation with the DIR, will be consistently evaluating the examinations being administered to ensure that the examinations accurately measure competency in the required_knowledge areas. While taking the examination, examinees will have the opportunity to provide comments on any questions, by using the comments key on the keyboard. These comments will be analyzed by PSI examination development staff. PSI does not respond to individuals regarding these comments, however, all substantive comments are reviewed. **This is the only review of examination materials available to candidates.**

SCORE REPORTING

Your score will be given to you immediately following completion of the examination. The following summary describes the score reporting process:

- **On screen** - your score will appear immediately on the computer screen. This will happen automatically at the end of the time allowed for the examination;
- If you **pass**, you will immediately receive a successful notification.
- If you **do not pass**, you will receive a diagnostic report indicating your strengths and weaknesses by examination type with the score report.
